- Company name
- Contact person
- Email
- Phone
- Type of certification
- Certification number
- State of certification
- Certification expiration date
- Is auditor on the Verified Energy Auditor Network list or DES ESCO list?

Narrative questions
1. Describe what your city/town has done to date to prepare for compliance with the Clean Buildings Act, such as building assessments, planning, and budgeting.
2. Describe in detail your city/town's need for this funding and the implications of not receiving the funding.
3. What is the city/town's total funding request? If requesting funding for more than one building, provide the total amount. If requesting an amount other than the cost(s) quoted in the audit proposal, explain why your total request differs.
4. Please provide any other information you'd like us to consider when evaluating your application.

Building information
For each building relevant to this application, provide the following:
- Public building type
- Is the building city-owned? (yes or no)
- Location/address
- Year built
- Square footage
- General description, including use
- Date and brief description of latest renovation
- Date of last audit, if applicable
- Energy Start Portfolio ID (Tier 1 only)
- Commerce building ID (Tier 1 only)
- Funding request
